- Q** Tempered glass top panel
- R** 1 x 120mm fan for rear panel (pre-installed)
- S** Headphone hook

FEATURES

A TRUE BEAUTY

Four tempered glass pieces cover the immense space this case gives you to build and develop the PC of your dreams while allowing you to see all the high-end components you install inside it. To add a strong lighting effect, four LED 120mm fans (three in the front, one in the rear side) further enhance the majesty of this art piece.

FUTURE-PROOF

Support for six different motherboard form factors, up to four double slot 390mm graphics cards and loads of space for storage and media drives give you the freedom you want to design your build and to expand it. 4K, Virtual Reality, ridiculously high frame rates and more; everything is possible with PANZER EVO

SUPERIOR COOLING

PANZER EVO allows you to create impressive cooling solutions: Up to eight fans and four water cooling radiators to dissipate heat and an intelligent cable management system behind the motherboard tray to help the airflow and keep everything tidy.

CONVENIENT UPGRADES

PANZER EVO is not only a beauty, but it is also one of the most convenient cases you will find on the market. You can add storage devices, remove its glass covers or dismount the PSU cover without using a single tool: Everything has been designed to make your life easier.

ENGLISH

PANZER EVO THE CRYSTALLINE TITAN

- Four tempered glass covers (front/top/left/right)
- Support for six different motherboard form factors (up to E-ATX).
