ThinkPad X1 Nano Gen 2

Blending performance with portability, this 13" laptop is the perfect partner for professionals who are always on the go. Productivity boosting features such as up to 1TB SSD storage and up to 32GB memory make the device ideal for modern professionals working from anywhere. Smart security features like match-on-chip touch style fingerprint reader, optional Vision-based User Presence and built-in ThinkShield security, help secure device and data against any evolving threats.

BUSINESS DEVICES THAT ARE A CLASS APART

The ultimate device for any mobile worker or executive, ThinkPad X1 Series combines the latest productivity and security technologies with sleek and lightweight designs.

REASONS TO BUY

With 2 Thunderbolt 4 ports and a variety of docking options, users can connect up to 4K monitors seamlessly. Plus, Intel Wi-Fi 6E connectivity gives users faster speeds, whether they are working in office or from home.

Users will appreciate the Dolby Atmos speakers, and Dolby quad-array, far-field microphones that elevate virtual meetings even in crowded environments. The camera with privacy shutter keeps sensitive conversations private.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.
