**MASTER MOVING MACHINE**  
**UNE MACHINE QUI FAIT BOUGER LES CHOSES**  
**MÁQUINAS DISEÑADAS PARA MOVER MATERIALES**

If you want to move lots of anything, then the best way to do it is with a Cat® Dozer. From large to smaller machines and for carrying out all types of tasks, there are more Cat® Dozers at work in the world than any other brand. The D11 is the biggest and most powerful dozer in the Cat® range and the perfect challenge to recreate in LEGO® Technic™ elements.

S'il vous faut déplacer des objets en masse, un bulldozer Cat® saura répondre à vos besoins. Des grosses aux petites machines, capables d'effectuer tous types de tâches, les bulldozers Cat® sont les plus utilisés à travers le monde. Le D11 est le bulldozer le plus grand et le plus puissant de la gamme Cat®, et le parfait défi à recréer avec des éléments LEGO® Technic™.

Cuando quieres mover un montón de lo que sea, la mejor manera de hacerlo es con un *bulldozer* Cat®. Grandes y pequeños, dedicados a todo tipo de tareas, hay más *bulldozers* Cat® en funcionamiento en el mundo que de cualquier otra marca. El D11 es el bulldozer más grande y potente de la gama Cat® y su recreación con elementos LEGO® Technic™ representa el desafío perfecto.

## **MAKING THE BEST EVEN BETTER** **RENDRE LE MEILLEUR ENCORE MEILLEUR** **MEJORANDO LO MEJOR**

The D11 isn't only the largest and most powerful dozer in the Cat® range, it's also the most advanced. Innovative features such as a machine protection strategy, as well as a machine guidance system, ensure higher productivity and the ultimate performance. The latest technology provides the operator with full command of the dozer for safe and efficient operation.

Likewise, the LEGO® Technic™ version of the Cat® Dozer is much more than just a static model.

**CONTROL+** adds a whole new level of realism with lifelike driving and operating functions, accurate sound effects, authentic controls and real-time data feedback.

Le D11 n'est pas seulement le plus grand et le plus puissant des bulldozers de la gamme Cat®; c'est aussi le plus perfectionné. Des caractéristiques novatrices, telles que la stratégie de protection et le système de guidage de la machine, garantissent une productivité accrue et des performances optimales. La technologie de pointe offre à l'opérateur une maîtrise totale du bulldozer pour un fonctionnement sécuritaire et efficace.

De même, la version LEGO® Technic™ du bulldozer Cat® est bien plus qu'un modèle statique.

**CONTROL+** ajoute encore plus de réalisme avec des fonctions de conduite et de manœuvre réalistes, des effets sonores fidèles, des commandes authentiques et un retour d'informations en temps réel.

El D11 no solo es el *bulldozer* más grande y potente de la gama Cat®, sino también el más avanzado. Las innovadoras características que ofrece, como su estrategia de protección mecánica y el sistema de guiado de maquinaria, garantizan una mayor productividad y el máximo desempeño. La tecnología más sofisticada proporciona al usuario el control absoluto del *bulldozer* y le permite trabajar de forma segura y eficaz.

De igual manera, la versión LEGO® Technic™ del *bulldozer* Cat® es mucho más que un modelo estático.

**CONTROL+** aporta un grado de realismo inédito mediante fieles funciones de conducción y manejo, efectos de sonido de gran precisión, controles de extraordinaria autenticidad e información técnica en tiempo real.

maître concepteur/  
maestro de diseño/  
LEGO® Technic™

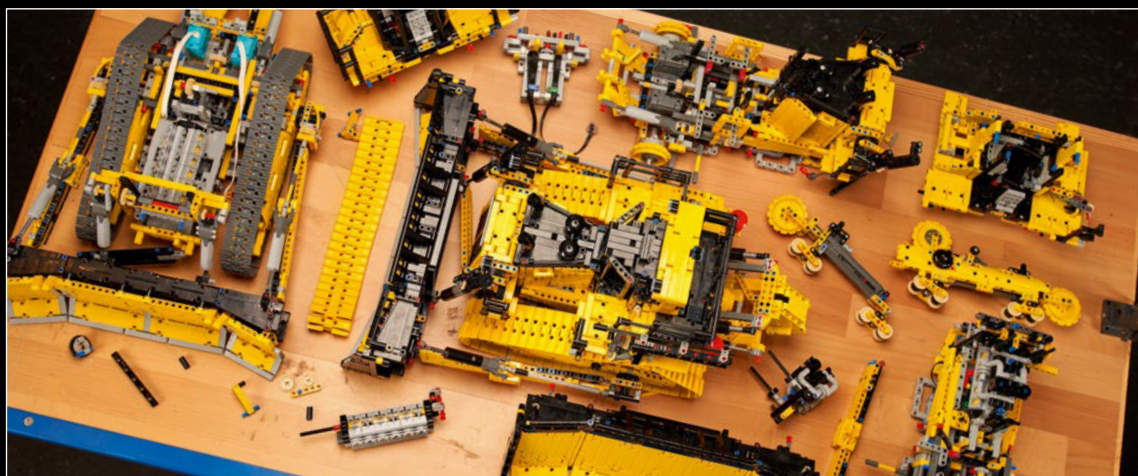

## **BUILD FOR REAL** **CONSTRUIRE LA RÉALITÉ** **CONSTRUYE DE VERDAD**

With over 20 years' experience of creating large-scale, complex construction vehicles in LEGO® Technic™ elements, Markus Kossmann was the perfect designer for this set. As always, the goal was to re-create as many of the features and functions from the real dozer as possible. This can be seen in the many small details and also in the way the model replicates the working movements of the real D11 using the CONTROL+ app.

Avec plus de 20 ans d'expérience dans la création de véhicules de construction complexes à grande échelle avec des éléments LEGO® Technic™, Markus Kossmann était le concepteur idéal pour cet ensemble. Comme toujours, l'objectif était de recréer le plus grand nombre possible de caractéristiques et de fonctions du vrai bulldozer. Cela se voit dans les nombreux petits détails et dans la façon dont le modèle reproduit les mouvements du vrai D11 grâce à l'application CONTROL+.

Con más de 20 años de experiencia en la creación de complejos vehículos de construcción a gran escala usando elementos LEGO® Technic™, Markus Kossmann era el diseñador ideal para este set. Como siempre, el objetivo era recrear el mayor número posible de características y funciones del *bulldozer* de verdad. Así lo demuestran los muchos y minuciosos detalles, sin olvidar la forma en que el modelo reproduce los movimientos mecánicos del auténtico D11 al controlarlo mediante la app CONTROL+.

**“YOU ASSEMBLE THIS MODEL EXACTLY LIKE THE REAL D11 DOZER.”**

**« VOUS ASSEMBLEZ CE MODÈLE EXACTEMENT COMME UN VRAI BULLDOZER D11. »  
“ESTE MODELO SE ENSAMBLA EXACTAMENTE IGUAL QUE EL BULLDOZER D11 DE VERDAD”.**

Markus Kossmann, Design Master, LEGO® Technic™

Markus Kossmann, maître concepteur, LEGO® Technic™

Markus Kossmann, maestro de diseño, LEGO® Technic™

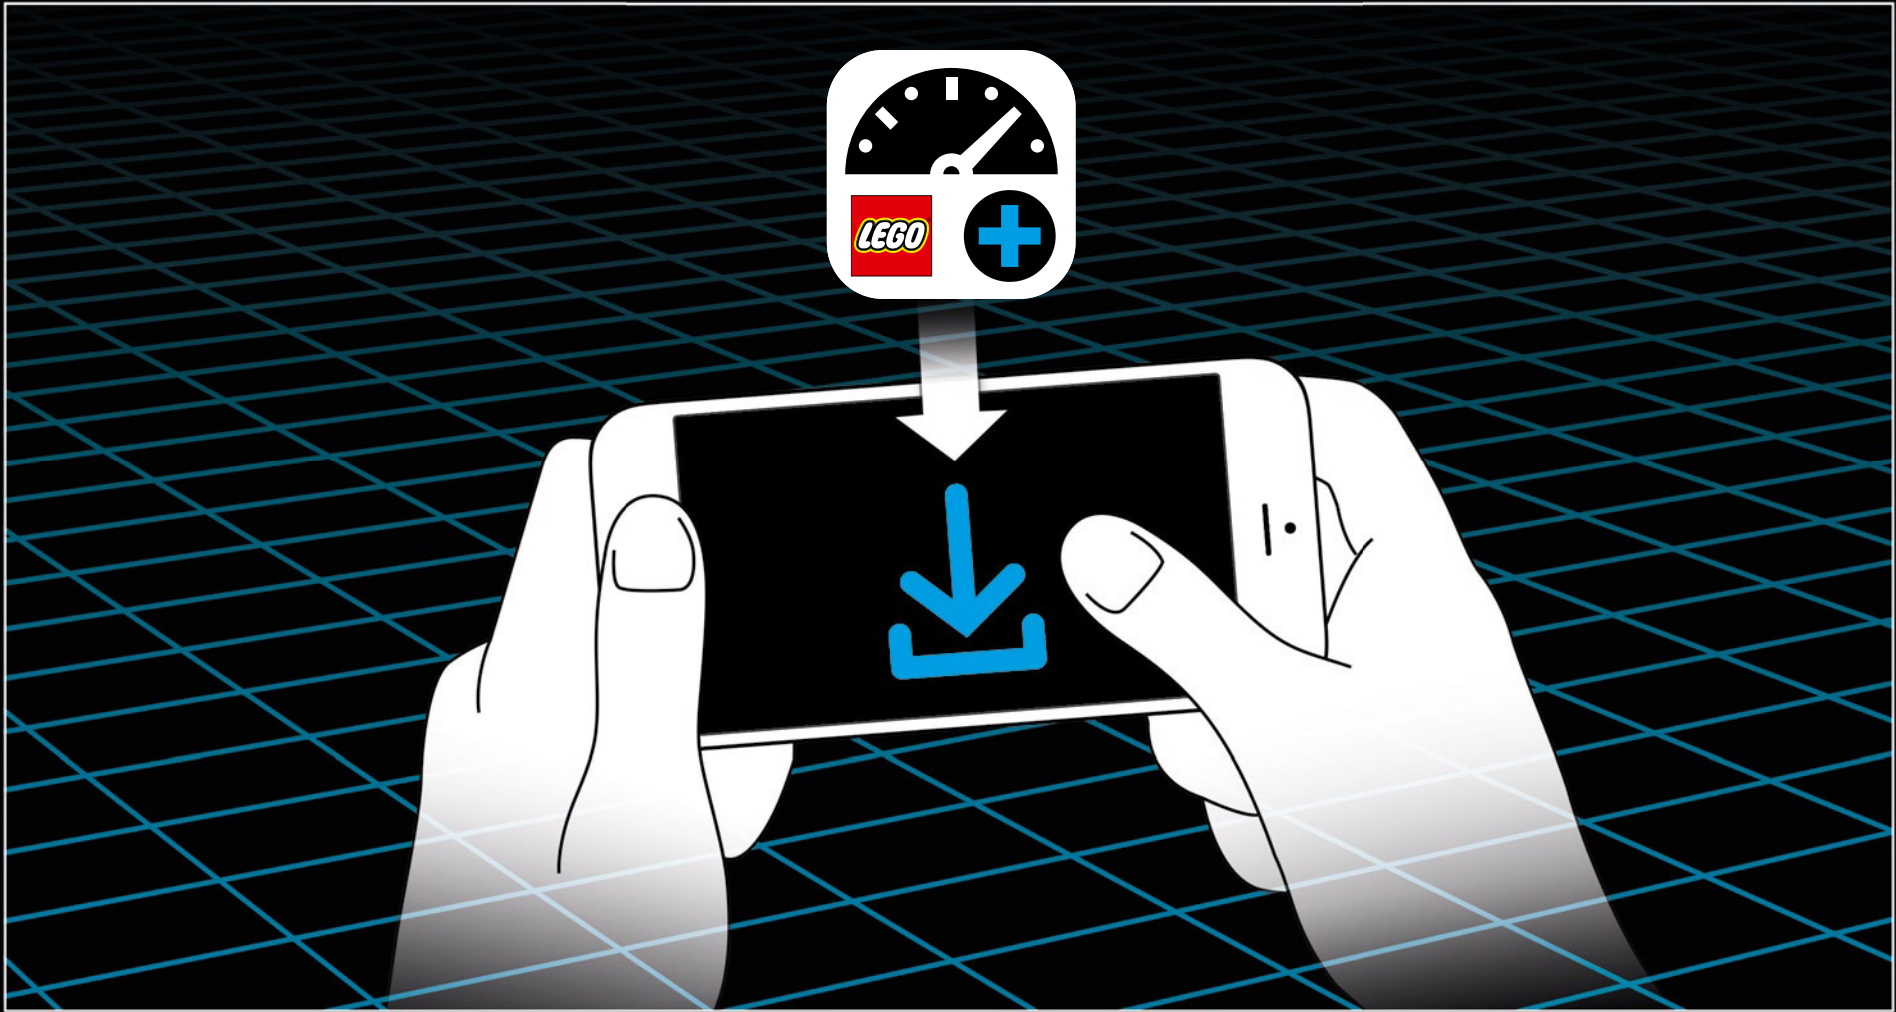

The full-size D11 is too big to be transported in one piece, so it's built in modules and assembled on site. The LEGO Technic version of the dozer authentically replicates this entire process.

Le D11 grandeur nature est trop grand pour être transporté en une seule pièce; il est donc construit en modules et assemblé sur place. La version LEGO Technic du bulldozer reproduit fidèlement ce processus.

En la vida real, el D11 es demasiado grande como para transportarlo de una sola pieza, por lo que se fabrica por módulos y se arma en el sitio. La versión LEGO Technic del *bulldozer* replica con autenticidad todo este proceso.
