Multipower 30W Kit - Smartphone, tablet e laptop

Cellularline Multipower 30W Kit - Smartphone, tablet e laptop Caricabatterie da rete 30W con cavo USB-C to USB-C incluso:

Il MULTIPOWER 30W KIT è una soluzione pensata per la ricarica di tutti i device compatibili con la carica 30W e inferiori. La porta USB-C 30W è compatibile con la carica Super Fast Charging 25W di Samsung, mentre la porta USB-A fornisce una carica adattiva da 18W. Nella confezione è presente un cavo da USB-C a USB-C da 3A, che consente il passaggio di 3A di corrente ed è ideale per caricatori da 305W. Il cavo, lungo 100 cm, è di un materiale telato che lo rende più resistente e comodo all'uso. È dotato di tecnologia GaN: questa tecnologia si basa sul nitruro di gallio, o GaN, un materiale di recente utilizzato nei semiconduttori dei caricabatterie. Il vantaggio principale del nitruro di gallio, in riferimento ai caricabatterie, è che produce meno calore. La minore produzione di calore permette ai componenti di essere più vicini tra loro e, di conseguenza, di ridurre le dimensioni dei caricabatterie.
