# ECO HARDSHELL CASE
FOR MACBOOK PRO 2021

1

Before installing the Eco Hardshell Case, please properly clean your computer.

2

When installing the top case, ensure all **6 clips** snap into place.

3

If installed correctly, the logo should be on the bottom right.

4

When installing the bottom case, ensure all **5 clips** snap into place.

5

Ensure this long clip snaps into place as well. If it does not snap into place, the case will fall off.

6

Ensure the vents are properly aligned.
