I toner Brother sono progettati per fare in modo che ogni stampa sia ottima tanto la prima volta quanto la successiva, con conseguente risparmio di tempo, carta e denaro. Grazie alla nuova tecnologia a cera, i toner sono ora senza olio e i documenti saranno caratterizzati da una finitura opaca di qualità professionale. Dai test effettuati è risultato che i documenti stampati utilizzando materiali di consumo originali Brother sono durati quattro volte di più rispetto a quelli stampati utilizzando materiali di consumo compatibili.
